3. Public Session (Members of the Public may speak for up to five minutes at the discretion of the Chair)

A member of the public was concerned about the pedestrians crossing Hayes Lane to access the Downs Link as motorists drive so fast and asked if a sign could be erected to slow them down. Councillor Nigel Smith responded stating the 20mph zone would be introduced soon but would contact WSCC about a sign. The resident added that the bus shelter required fixing as it was leaking. Another member of the public spoke about the issues she was having with a planning application and the amount of time Horsham District Council was taking to determine it. She advised that three different officers had been assigned to the case and it was negatively impacting her and her family. The Council said it would try and help but advised the best person to contact would be her District Councillor.

In several instances this would mean major works to these semi-mature trees which overhang the boundary and if heavily lopped we worry about their ability to bounce back. The proposed method of work needs to be more specific in order to be evaluated and in</p>

Again, without a plan of the fence it is impossible to know.</p>
