### 5. Highways

#### (i) To receive an update on the 20mph traffic calming scheme

WSSC had repaired the buildout on Lyons Road with a new bollard and painted the kerb to try and increase visibility.

#### (ii) To receive an update on the Traffic Regulation Order to reduce the speed limit to 50mph on the A29

The Council's TRO application had been approved by WSSC and was now in design phase.

#### (iii) To discuss Hayes Lane and Cherrytree Farm drainage

The Chair and Clerk had met a WSSC Highways officer on Hayes Lane to discuss the drainage pipes. The officer advised that, as WSSC had recently carried out works to the ditch leading into the culvert, they would have to wait to see if it had any effect on alleviating flooding. He encouraged the Council to send a video if the road did flood again so he could escalate the case for potential drainage works.

### 6. Public Rights of Way

#### (i) To discuss any matters to report to WSSC

There were none.

#### (ii) To discuss a Definitive Map Order Modification in Slinfold (Whitbreads Farm)

The Clerk advised that he was still waiting to hear back from landowner AJW on whether they would support the application as, without it, it would not proceed.
